When you share a time of worship with ryan i & his team, you can expect...

passion

Whether it's a soft, sweet acoustic set, or raw & rowdy rock: worship will be passionate! Ryan & his team have passion for God, for people and for music. This passion shows through our worship, our interactions with people and the way we write & play. Watch a clip from a recent live worship gathering! <http://youtu.be/zaEOFnKokM>

new sounds

Ryan's songs carry a new sound both melodically & spiritually. You will catch fresh vision for God's heart & a life of honest worship. Often, new songs are born spontaneously during the worship gathering, giving voice to the cry of people's hearts. interaction

Worship is interactive! We love to invite people to share what God is showing them: a scripture, a prayer, a picture, an encouraging word... Our team will pray over your region and share what we sense God showing us. Together we worship God & minister to one another. Listen to a clip of some live interaction! <http://bit.ly/qNfRLV>

reality

Ryan & his team are REAL PEOPLE! We have our own weaknesses, strengths & quirks! You won't be intimidated, you'll be inspired by how God loves & moves through normal people. Both the songs and our interactions with others reflect this heart.
